With prolonging this true tale, it may be set down for a fact that here is to be found a first-class place to purchase beef, mutton, lamb, ham, poultry and game, to give your table good credit with household and guest.

A young woman who is described by the Oakland Tribune as a "dashing Kentucky belle" was married August 27, 1906, in New York to George H. Guinee of Pisola, reputed at that time to be a millionaire and a gentleman. She left him on September 14th, having found out that he wasa drunken roysterer, given to kissing other women and to nagging, and prone to throw champagne glasses, and was worth only a paltry $100,000. On Nov. 16th she got her divorce and was awarded $25,000 alimony. Any other descriptive term than dashing would hardly fit this blue grass belle. As the races opened at Emeryville Nov. 17th her $25,000 comes in very handy.

LABOR SHORTAGE

Charles S. Fee, passenger traffic manager of the Southern Pacific, returned Tuesday from a two months' tour of the eastern coast and the lake cities in the interest of the future passenger business into California.

"I talked with a great many passenger agents," said Fee, " and with various persons. Everywhere there is a fine prospect for a big tourist movement this winter.

"What surprised me was the shortage of labor everywhere. From the wheat fields of Manitoba to the rice plantations of the Rio Grande, there is the same cry. I thought surely there would be plenty of help for the farmers of the middle west, but they are just as bad off as we are. East, south, north and west labor is just as scarce as it is in California today."

SUPERVISORS IN SESSION

BUSINESS TRANSACTED BY THE BOARD AT LAST MEETING

The board of supervisors met in regular session last Monday. All members were present.

W. J. Plump, foreman of the Grand Jury and Asa Hull, one of the members of that body, addressed the board saying an examination of the county jail disclosed the fact that the building was in an unsafe condition and badly in need of repair. Some of the walls were thrown down by the earthquake and had not been repaired. They said it was impossible at the present time to build a fire in the jail, or to use the kitchen.

They were not complaining concerning the state of affairs, but thought some action should be taken at once by the board. It would be better to do the work now, they explained, than later when the rainy season would set in.

Chairman Coleman said some months ago the board had visited the jail, and after a thorough investigation had delegated the matter o repairs to Supervisor MacBain, but he understood that gentleman found it impossible to secure labor to perform the work. As to the use of the kitchen or the inability to build fires no intimation of that nature had ever come before the board from the sheriff or any of his deputies.

Supervisor MacBain said he had experienced great difficulty in finding labor to perform the repairs, and when lately he finally secured the services of Mr. Brady that gentleman informed him the second story of the jail was beyond repair and would have to be rebuilt. He did not feel justified in going ahead, and intended bringing it before the board. He forgot it at the next meeting, however and at the next meeting, and at the last meeting he was confined to his bed by illness, and this was the reason he had not had the matter attended to.

After considerable discussion and on motion of Elkerenkotter seconded by Debenedetti the matter of repairing the jail and installing heating apparatus in the courthouse was left to Supervisor MacBain. He said he would have plans and specifications ar estimates for the work prepared and would submit them to the board on next Monday.

A petition from Casey and Levy was read asking permission to lay a water main along the county road to Millbrae Park. On motion of Debenedetti seconded by MacBain the petition was referred to Supervisor Elkerenkotter.

A communication was read from Murray and Co. of Oakland offering to put in a heating apparatus. Same was ordered filed.

The invitation to attend the Trans-Mississippi Congress at Kansas City was ordered filed.

The affidavit of D. E. O'Keefe showing that Ordinance No. 211 had been published as reuired by law was received. The chairman declared that due and legal notice had been given and that the ordinance was legally published.

The following communication was read from J. A. Filcher, of the State Board of Horticulture.

To the chairman and members Boar of Supervisors, San Mateo County.

Gentlemen: This Society desires the name and address of one substantial and intelligent citizen in each political township in your county, and we know of no source from which the can be obtained more promptly and re liably than from your honorable bo So far as practicable we would prefer that the parties whose names and addresses are given be identified with the leading industry of their respective townships.

This Society desires to issue monthly reports on crops and other industrial conditions of the state, and we shall try and interest the parties whose names and addresses you send to act as our correspondents. Your recognized interest in public affairs and wide acquaintance in your respective counties is our justification for asking you to supply the names desired, and trusting, gentlemen, it will be your pleasure to comply promp ly with this reuest, I remain, for the State Agricultural Society,

J. A. FILCHER, Secretary.

In accordance with the reuest of the communication F. H. Thorpe was appointed from the Third township. E. E. Cunningham, from the First. McC. Brewer from the Second and Manuel Perry from the Fifth.

The new bondsmen, Ed Bloomquist and J. G. Anderson on the liquor license of Henry Frey of Pescadero was accepted.

On motion of Eikerenkotter seconded by MacBain the map of the Fifth subdivision of San Bruno Park was accepted and filed and the following resolution dedicating the avenues delineated thereon to public use adopted:

Whereas, Geo. A. Hensley, Alfred T. Green and R. Masson Smith are the owners of a certain tract of land known as "Blocks 4, 5 and 6, San Bruno Park, Fifth Addition," whi land is situated in the County of San Mateo, near San Bruno(and is a part of the Buri Buri Rancho, lying just south of blocks 1, 2, and 3, of the Fifth addition, San Bruno Park) and

Whereas, the said George A. Hensley, Alfred T. Green and R. Masson Smith have caused the said tract to be laid out and subdivided into lots for the purpose of sale, and have caused to be made an accurate map of plat thereof, particularly setting forth and describing all the ground within such subdivision, reserved for public purposes, by their boundaries, courses and extent, and also lots intended for sale by figures and their precise length, width and dimensions, said map being designated as "Map of Blocks 4 5 and 6 San Bruno Park, Fifth Addition" San Mateo county, and

Whereas, the said George A. Hensley, Alfred T. Green and R. Masson Smith did duly acknowledge the said map before Fred Hudson, a Notary Public, in the County of San Mateo, State of California, upon the 19th day of November, 1906; and said Notary Public did, on said day duly af fix thereto his certificate of such acknowledgment in due form of law; and

Whereas, the saidmap or plat is now presented to this board for acceptance;

Now therefore, be it resolved, that Pacific Avenue and Montgomery Avenue as delineated and designated on said map be, and the same are hereby accepted on behalf of the public, by the board of supervisors of the County of San Mateo, State of California, as dedicated to public use in accordance with the law in such cases made and providid; and the clerk of this board is directed to endorse acjceptance on said map as follows, towit:

Pacific Avenue and Montgomery Avenue as delineated and designated on this map are hereby accepted by the board of supervisors of the County of San Mateo on behalf of the public as dedicated to public use in accordance with and subject to the terms of a resolution of said board adopted this 19th day of November, 1906.

Resolved that this resolution be adopted and said map accepted upon and subject to the express condition that the County of San Mateo does not hereby become responsible or liable for any expense, cost of charge as to such Pacific Avenue and Montgomery Avenue or any part there of, either for grading, macadamizing, or for any road purpose.

This condition, and the incurring of any expense, cost or charge being left to the discretion of future boards of supervisors, no one of said boards of supervisors, nor any member thereo nor said County of San Mateo, shall ev be liable to damages in any sum or amount arising by or through any defect of any kind in said avenues.

Action on the bids for the construction of a bridge over El Corte Madera creek at Portola was deferred for two weeks. The bids were Harry B. Morey $2680; Clark & Henery Construction company, $2790.

On motion of Debenedetti seconded by Elkerenkotter Supervisor MacBain was appointed to confer with Supervisor Mitchell of Santa Clara county, in reference to accepting the bid for the construction of a bridge over San Francisquito creek at Pope St. There were no bids filed with the board, but two were opened by the Santa Clara board, one of which was below the surveyor's estimate. MacBain will report the result of the conference.

The claim of P. J. Maloney for $150(against the county was continued for a period of two months.

This was the day set for hearing the petition for the incorporation of the Town of Colma as a city of the sixth class. Before taking up the petition a lengthy protest was read from the residents of Abbey Homestead objecting to the incorp ation owing to the sparcely settled condition of that part of the district to be included in the incorporation. The protest was ordered filed.

Attorney Frank J. Burke, who represented the petitioners for incorporation urged that inasmuch as the petition was in regular form that it be granted and the surveyor be impowered to survey the boundary lines.

Geo. C. Ross, appearing in opposition to the petition urged that it be denied as it was not in legal form and that statute was not complied wit He pointed out the fact that the law required that the signatures to said petition should be witnessed by three persons who were to make an affidavit to that effect. The petition contained the affidavits of four citizens, two of whom had witnessed all of the signatures, one who had witnessed a portion, and one who had witnessed the remainder.

Mr. Ross proved conclusively to the board that the law had not been followed, and cited a Supreme Court decision directly in point.

Mr. Burke said the Supreme Court allowed a liberal construction of the statute and again urged the board to grant the petition.

Henry Ward Brown of Colma made the same objections as were made by Mr. Ross and after some argument and presentation of Supreme Court decisions bearing upon the matter the board was convinced that the petition was faulty and it was rejected on motion of MacBain seconded by Elkerenkotter.

A communication was read from the Automobile Club of California calling attention to the speed limit on the highways and especially by so called record breakers between San Francisco and Los Angeles. Said communication was referred to the sheriff to enforce the law.

On motion of Debenedetti seconded by Coburn the district attorney was instructed to prepare necessary papers initiatory to preparing plans for reconstruction of the new courthouse.

No further business appearing the board adjourned to Monday, Nov. 26.

MENLO PARK HAPPENINGS

NEWS GATHERED FROM VILLAGE OF BEAUTIFUL HOMES

The announcement of "Penelope's" coming to Menlo Thanksgiving Eve has been received with gladness. Times had been dull ever since the big shake of April and more so since the shake of the 6th inst. Now theres 'to be a little diversion and its very welcome. Penelope has been seen before in this village, but is not remembered by the rising generation. Yet she's still "the maid of all work" and not ancient. The play will be under the direction of Mr. Jas. C. O'Donnell of San Francisco. Following is the caste: Penelope (a maid of all work) Miss Catherine Byrnes. Mrs. Croaker (the missus) Miss Lilian Byrnes. Walker Chalks (a milkman) Richard D. Blake. Toffer Tacker (in the Grenadiers) Wm. M. Ogilvie. Pitcher Tillup (a policeman) Jas. C. O'Donnell. E. J. Pringle will soon commence the erection of a handsome home on his property near Fair Oaks . It will be beautiful in design and when completed will be a palace for the Gods. Several loads of pebbles from Pebble Beach, Pescadero have arrived and will ornament the gates.

The Mountain View Leader in a recent issue scores a number of Menlo boys for an alleged violation of ball room etiquette at a dance that took place here a few weeks ago. The article does the local young men a gross injustice. There are always two sides to a story and evidently the editor of the Leader only heard one side. A party of young folks from Mountain View attended the Cadet dance here and among the party was a burly bully who was seeking a fight and was accommodated receiving a good beating for his pains. He alleges that he was thrashed by a crowd. This statement is incorrect for the severe castigation was administered by one person. Moral: He who seeks a fight always get what he is looking for.

A wealthy family by the name of Carroll is seeking a place here as a permanent residence. The Goodall home on Glenwood avenue suits them and negotiations are now pending between them and the owners.

Mr. and Mrs. Patrick Lenehan and their daughters desire to thank their many kind friends and neighbors for their assistance and words of encouragement during the illness and at the death of their daughter, Mamie. They are especially thankful for the numerous floral offerings, those sweet tokens of love.

Work on Mrs. Fife's new residence near the Payne property is progressing rapidly under the foremanship of Louis Rondeau, the carpenter, and will be ready for occupancy early next year.

The cold weather during the week has driven the wild ducks from the north and the marshes in the vicinity of Ravenswood are fairly alive with the feathered tribe. William Beard, the veteran hunter bagged 20 in a short time last Wednesday.

Spellman, as administratrix of the estate of Patrick Brooks, deceased. Cummings brought suit in the lower court for the recovery of $200, the alleged value of a horse that was sent to the Brooks ranch at Colma in 1898. He failed to recover the animal though he alleges in his complaint he made several attempts. Judge Cunningham decided against Cummings on account that the statute of limitaltons was a bar to the suit and retaxed costs to plaintiff who appealed from the judgment.

Ducks Arrive from North

At last northern ducks have made their appearance on the local marshes and sloughs in considerable numbers. The present cold spell and storms along the coast and in the north have had their effect and since last Sunday flock after flock of fast flying birds have been hurling through the air and dropping into the slough waters in the neighboring marshes.

As a result the lowlands will be crowded with shooters tomorrow and some limint bags are expected to be killed.

WOODSIDE

OCEAN SHORE RAILWAY

LARGE FORCE OF MEN WORKING AT POINT PEDRO

Will Build City At Halfmoon Bay—Install Power Plants and Machine Shops

Great activity is at present displayed along the road of the Ocean Shore Railway between San Francisco and Halfmoon Bay.

In the vicinity of Point Pedro a great force of men is engaged in tunneling through the hills and completing the heavy fills necessary for the grading at that point. Here the company is experiencing its greatest difficulty.

When completed the railroad work around Point Pedro will rank as one of the greatest engineering feats in America. In the past Pedro mountain has stood forth as a veritable Rock of Gibralter, defeating all projected railroad enterprises along the shore of the Pacific. However, in Mr. John R. Rogers the Ocean Shore company secured an engineer for whom Pedro mountain had no terrors. He gathered together a force of intrepid surveyors, lowered them over the face of the bald cliff,hundreds of feet above the angry breakers of the Pacific, and ran his grade line preparatory for active construction. He did likewise with his laborers, who, like giant woodjeckers, drilled small holes in the face of the cliff, into which were inserted charges of dynamite. Gradually a shelf was blasted out of the face of the solid rock, on which today are being laid the tracks of the Ocean Shore Railway. Fully $1,000,000 has been spent on this work and a trip along this part of the road, for scenic grandeur and beauty, can be likened only to the Rivera of Spain.

At Halfmoon Bay, the terminal of the railway, the Ocean Shore company will assume the role of city builder. Here they have had the famous Chicago architect, Mr. Burnham, lay out an ideal city, and the work on the various improvements at this place, consisting of bath houses, pavilions, power plants, machine shops etc., will soon be under way.

Surburban townsites are rapidly springing up along the line of the road from Montara Point to Halfmoon Bay, and hundreds of homeseekers are being attracted to these places. Mr. Harvey predicts that there will be a population of 15,000 people between these two points within two years.
